Tewkesbury Borough Seniors' Network

Are you over 50?

Do you live in the area covered by Tewkesbury Borough Council?

A new network is being created for you!

This is a REAL opportunity to have a say in local services and influence local policy making, as well as helping combat ageist attitudes, whilst giving older people a voice

This independent network, led BY older people FOR older people, will allow matters of concern to be raised and discussed, and presented to local councils and other bodies.

Have your say by joining us at the inaugural meeting of:

Tewkesbury Borough Seniors' Network
